A HELMET FOR EVERY TERRAIN

GameChanger, AirBreaker, StormChaser: The PowerDome is a new addition to the “Made in Italy” ABUS helmet family.

The PowerDome comes directly from the ABUS production site in Italy. It combines the successful features of the three top models with the tried and tested features of its predecessor, the Aventure. With its excellent price-performance ratio, the PowerDome is thus the perfect road bike helmet for everyone. It is very lightweight and individually adjustable to head circumference thanks to the Zoom Ace adjustment system. 10 air inlets and 7 air outlets ensure optimum air circulation in every riding situation - even in high temperatures. The sophisticated ventilation is also supplemented by a sleek air scoop on the helmet: It is modelled after the PowerDome of high-performance cars and gives the helmet its name as a functional design element. Whether on the next Gravel Tour, racing against the wind on the Tuscan coast or cycling through the city, the PowerDome brings the Italian lifestyle to every ride. This keeps the focus on the pleasure of riding. No rules, no dress code, no pressure to perform. With the PowerDome, the journey becomes the destination!

Technologies

- Aerodynamic profile incl. rear edge at the top of the rear end
- Excellent ventilation provided by 10 air inlets and 7 air outlets
- Forced Air Cooling Technology combines front and rear vents with deep channels for a cool head - plus air scoop (top) for the Venturi effect
- FlowStraps: aerodynamic, flutter-free and skin-friendly webbing
- Floating padding: the padding is attached only at three select points - which ensures better mobility of the padding, better ventilation and better wearing comfort

PowerDome velvet black L

Seite 2 von 2

- In-Mould for a permanent bond between the outer shell and the shock-absorbing helmet material (EPS)
- Zoom Ace: finely adjustable, height-adjustable adjustment system with easy-grip adjustment wheel for individual fit
- Helmet fits well on ponytail wearers - height-adjustable adjustment system at the back of the head creates space for ponytails
- Half-ring: plastic ring half enclosing the head and connected to the adjustment system - enables size adjustment
- Made in Italy

Operation and use

- Lightweight adult helmet for use on road bikes or gravel bikes
- Great fit for all those for whom fun riding is the priority
